About Us

- ▶ A-Plus Welding was established in 2010 by Devin Lamy and Aaron Smedsrud. Together their goal was to provide fabrication, mechanical and welding services throughout the province of Alberta and strive to make A-Plus Welding a safe and reliable welding and fabrication company.
- ▶ A-Plus Welding is an equal opportunity company, hiring from local communities based on required skill-sets and availability. Devin Lamy holds ownership to this Metis welding and fabrication company. A-Plus believes investing in our staff with proper training and providing a strong safety culture is the key to our success.
- ▶ With over 30 years of combined welding and fabricating experience working in many facets of the construction industry, A-Plus looks forward to building strong relations with our clients by providing a quality product, professional integrity and excellent communication.
